AMUSEMENTS.

The only attraction in town last night was "Yon Yonson" at the Grand. Notwithstanding that the piece has been seen in Salt Leke many times, a good Monday night audience was in attendance. Arthur Donaldsen is the star, and the company the same as when he visited us a few weeks ago. The imbermen's quartette won the usual recalls, and Mr. Donaldsen's solo numbers were greatly appreciated. The piece runs tonight and tomorrow night, with a matinee on Wednesday.

Commencing with a Christmas mat-inee and running three nights. Clara Thropp will come to the Grand next week. Miss Thropp will present theen's 'Doll's House," a comedy entitled "A Truant Spouse," and a version of Sar-dou's "Divorcous," entitled "A Remedy for Divorce."

Play-goers are to be given a treat out of the ordinary Thursday evening of this week, when the University Dramatic company will present "The Weaker Sex" at the Sait Lake theatre. It is a modern play, written by A. W. Pinero, the famous playwright, and first played by Mr. and Mrs. Kendall. The work of the players has been most thorough under the careful direction of

Every great advance in science seems a sort of crystallization of forces which the previous centuries have held latent, waiting, as it were, for the right members and the right members and the right members and the right members and the putch painter who is the subject of this sketch.

About 200 years before the arrival of Franz Hals upon the scene, the brothers Jan and Hubert Van Eyck had released from its fetters the art of painting by placing in the hands of arrival the facile vehicle of oil to be used in the mixing of pigments. The masterpieces produced before this time that have come down to us were painted in freezo or in distemper. Freezo painting, as the world implies, meaning "fresh," was the practice of painting on fresh plas-
